

I Regnen Ser Jeg Dig - PRESS KIT

Also known as In The Rain I See You

Logline:

A young man's heartbreak spirals into a blurred line between reality and fantasy, leading him down a violent path.

Tagline:

When heartbreak blinds you, even love can be dangerous.

Synopsis:

After a tragic breakup between Malthe and his girlfriend, he is dragged into town by his best friend, Sarah. A delicate but at the same time chaotic thread between fantasy and reality is dragged through the evening, and draws him out in a violent approach that puts his girlfriend in possible danger.

Director Statement:

"I Regnen Ser Jeg Dig" was a strong motive and vision for me, since it was a personal story. Furthermore, I wanted to tell this story, because it is something that is chaotically seen a lot among the young generation. It's something you don't talk about out loud, ends up sitting with it yourself, bubbles up to something bigger than yourself and eventually things go wrong... And it usually hits yourself.

I Regnen Ser Jeg Dig is a film that shows how big it can get and how big the consequences can be. Love is a powerful emotion that is often underestimated, but as they say — love is blind. I hope and believe that this film can help face reality rather than desire.
